

ALSTON ONLINE GUIDE

A new online guide has been developed for residents and visitors alike. It lists the retail and refreshment venues across Alston Moor/CA9, as well as services such as public toilets, garages and churches. It has details of their opening times, and what Covid-19 measures they have put in place to keep staff and customers safe. You can access the guide here:

<http://alstonmoorhealth.org/guide/>

The cost of producing this has been met through the Reopening High Streets Safely Fund (RHSSF), available to all towns in England.

Other products are being developed through the RHSSF, e.g. street signage and leaflets. Where possible they will have a link to the online guide by displaying the QR code above and website URL.

The RHSSF guidelines are very strict in terms of what qualifies for funding, so the online guide has been designed with that in mind. You can see the guidance and associated FAQs here:
